Presentation and Registration Requirements

For each accepted paper, it is mandatory for at least one author to register their paper at the conference. A paper must be presented by a registered participant (either registered as an author or co-author). If one author has 2 accepted papers, then the fee payment for one paper covers the registration of both papers. In case one author/co-author is registering for more than 2 papers, then for 3rd paper, only a 2000 INR fee will be charged. And for 4th paper, fresh registration has to be done. Any paper that is not presented by an author of the paper will be withdrawn from the proceedings and thus from IEEE Xplore.
